

Please forgive
me.

Please forgive
me.

Please forgive
me.

Cut out these hearts to have on hand when you need to seek forgiveness. Write on the back of the heart what you are asking forgiveness for and present it to your parent or sibling. Remember that being forgiven doesn't mean there aren't consequences, but at least you know you have given your parents your heart and done things God's way. Doing what is right isn't always easy, but God is pleased with our sincere efforts.

Please forgive
me.

Please forgive
