Fill out the calendar to match the current month. Each day you read your Bible by yourself, place a sticker or draw a happy face on the day's square. Try not to miss any days!

HERE ARE SOME GOOD TIMES TO READ YOUR BIBLE:

When you are eating breakfast (careful not to get any spills on the pages)
 Before you start school
 Before math
 After you come in and play
 During reading time
 Before you go to bed

Cut out your calendar and paste it into your lapbook or notebook when you are finished using it.
