Guest Hollow's High School Geography					
Week 1	Topics: Introduction to geography, seasons, climate, wind, tsunamis, volcanoes, the ocean, continents				
Resources	Day 1	Day 2	Day 3	Day 4	Day 5
Guest Hollow's Geography & Cultures Online Textbook					
Spine text	<a href="#">1.1 What is geography?</a>		<a href="#">1.2 Climate and Human Habitation</a>		<a href="#">1.3 Physical Geography Facts</a>
Non-Fiction Books					
<a href="#">From Here to Eternity</a>	Introduction	Chapter 1	Chapter 2	Chapter 3	
<a href="#">Where on Earth? Atlas</a>					p. 144-145
■ <a href="#">Wildlife of the World</a>					p. 10-11 Animal habitats
<a href="#">The Religions Book</a>		p. 18-19 Primal religions around the world	p. 24-25 Animism		
Fiction/Literature/Graphic Novels					
Memorizing the World's Countries					
<a href="#">Seterra games</a>		★ <a href="#">Continents and oceans</a>	■ <a href="#">Tectonic plates</a>	■ <a href="#">Volcanoes</a>	★ <a href="#">World rivers</a>
Map printables	<p><a href="#">Continents map</a> (Fill in after playing the Seterra <a href="#">Continents and oceans</a> game.) Your score:</p> <p>Optional: <a href="#">National Geographic Political MapMaker Kit</a> or <a href="#">National Geographic Physical MapMaker Kit</a></p> <p>These are HUGE printable maps. You will need a giant wall (maybe a hallway?) and 136 pages of paper plus some tape to connect all the pages (tape them together on the back edges). You can pick the tabletop version for a smaller map. If you print one of these maps out, I encourage you to mark it up over the year. Look up places you read about in the different books and mark them. Draw routes characters in the books took, color or trace the border (in color) of a country you've memorized the location of, etc. Draw in animals after learning about them in the Wildlife of the World book (or print out a picture of an animal via the internet, cut it out and glue it on). Draw in other little pictures that help you remember something you learned about a specific place. Buy a pack of country flag and/or travel stickers and stick them on the map as you cover each country, etc. Basically, write all over the map and make all the places you are learning about memorable! We would love to see a picture of your map!</p>				
Video	<p><a href="#">Tour the World - Official Music Video</a></p> <p><a href="#">How to Remember the Seven Continents! ...for Kids!</a> – This is so stupid (in my opinion, lol), but it's amusing, so I'm going to make you watch it. 😊</p>

Websites	<p>■ <a href="https://www.zooniverse.org/projects">https://www.zooniverse.org/projects</a> - Look over this website's projects. I haven't linked to a specific project because the projects are always changing. You can pick one that has to do with nature and a specific country. If you choose a snapshot project, you can help scientists by identifying animals captured via "camera traps." This is not only fun, but you can learn about different animals and actually be a help to those who are studying them!</p> <p>Optional Christian article: <a href="#">Did the continents split apart in the days of Peleg?</a></p>
